

The 2019-2020 season sure didn't end as any of us hoped thanks to a global pandemic. Our annual banquet, which is a time to celebrate the accomplishments of our members, clubs, volunteers and everyone who makes MSA what it is, couldn't happen.

I want to thank the Eastern Region for another great year! I am so proud to represent my clubs and their members in this organization. Overall, the region's memberships increased this year, two new clubs were established, and once again four of the top ten membership clubs this year are from this region. The Snowmobile Club of the Year and the Groomer of the Year for this past season are also from the Eastern Region!

I also want to thank my incredible regional directors: Gary Dowling, Paul Bolstridge, Larry Lafland, Chuck Loring and Chris Richards for their help this past season. Chuck and Chris will not be returning in 2020-2021 so thanks guys for all you have done. I would like to welcome Craig Lemieux and John Monk to my Eastern region team of regional directors for the new season. I look forward to working with you.

Stay safe and healthy everyone over the summer. We will get through this tremendously difficult time and hopefully be able to gather as an organization in the fall.

Eileen Lafland
